

DECEMBER SNOW

ANJALTS

Something's coming
In the morning
There's Something
It's so cold outside
December morning

Waiting for the sunrise
To come in
I only see you
In my eyes
Every time

Even when it feels like
Christmas morning
I'm waiting on something
To fall from the sky

December Snow
Falling over
It's all over
All over you

December Snow
Falling over
It's all over
All over you

Even when the brightest
star's
In the sky
And everything is right
You look so beautiful
tonight

The perfumed incense
And the mistletoe
I wish I didn't go
Now there's only snow

December Snow
Falling over
It's all over
All over you

December Snow
Falling over
It's all over
All over you
