I had another
picture
Here in my mind
The kind you could
never take
And unwind
Ooh
There is something
else
Something else

I could never make
you
believe
It was never that
kind of
Release
Ooh
I'm in your kind of
unknown
Aura

Chorus
In still light
Evanescent Mind
Pulls me back
From this unknown

In still light
Evanescent Mind
Pulls me back
From this unknown

Bridge
Into your eyes
I'll be alright
There is something
else
Something else

Verse 2
I try to tell everything
That feel
You keep saying
everything's
Fake and unreal
Ooh
There is something
else
Something else

There's more power
Right here in my heart

But there's forces
That just keeps us
apart
Ooh

I'm in your kind of
unknown
Aura

Chorus
In still light
Evanescent Mind
Pulls me back
Pulls me back
Pulls me back

Into your light
I'll be alright

There is something
else
Something else

Ooh ooh ooh
Evanescent Mind
Pulls me back
From this unknown

Ooh ooh ooh
Evanescent Mind
Pulls me back
Pulls me back
Pulls me back

Ooh ooh ooh
Pulls me back
From this unknown

Evanescent Mind
