

Through the FRAY

(Double Take)
(Double Take)

There was a man upon a hill
He said come up on the hill
And dance
Dance under the moon

And he said we could
just drink the night
The moon shines bright and
We could find a way
Through the Fray

It was a nightmare
Another thightmare
Another place
I could be there
Ooh ooh ooh
Wishing you
Ooh ooh ooh
Could go back to the Moon

The Satellites
dancing in the skies
Around around
Falls down now
Oooh
Light up the Sky
light up the Sky

Chrous
Through the Fray
(Double Take)
Meet me Through the Fray
This time we need to make it
Through the Fray

(Double Take)
Ooh

It was as if
our time stood still
He kept on dancing
around the moon at night
Ooh ooh ooh
He danced up on the moon
Ooh ooh ooh
And he said
Don't worry
this world's Not real
We only came here
for a really short deal
Away
Through the Fray

It was a nightmare
Another thightmare
Another place
I could be there
Ooh ooh ooh
Wishing you
Ooh ooh ooh
Could go back to the Moon

The Satellites
dancing in the skies
Around around
Falls down now
Oooh
Light up the Sky
light up the Sky
